MAIA
MIDWIFERY & FERTILITY

Name:

Month: Year: Cycle Number: Cycle Length: Days of Insemination:

Cycle Day	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40
Date																																									
Day of the Week																																								
Conception Attempts Method & Time of Day																																								
AM FERTILE SIGNS																																								
Cervix: high / med / low right / left soft / med / firm pink / red opening / +open / OPEN / closing / closed																																								
Fluid: clear / white / yellow / brown dry / sticky / wet / slippery fertile / egg white (EW) stretchy: how many inches/cm?																																								
OPK / Fertility Monitor: neg (-) / light line / darker / pos (+) Brand Used:_____																																								
Ferning: none / partial / full																																								
PM FERTILE SIGNS																																								
Cervix: high / med / low right / left soft / med / firm pink / red opening / +open / OPEN / closing / closed																																								
Fluid: clear / white / yellow / brown dry / sticky / wet / slippery fertile / egg white (EW) stretchy: how many inches/cm?																																								
OPK / Fertility Monitor: neg (-) / light line / darker / pos (+) Brand Used:_____																																								
Ferning: none / partial / full																																								
Ovulation Sensation Today? What did you feel? (cramp, twinge, pressure, fullness, gas) Which side? When did it start/stop?																																								
Fertility Meds / Ultrasound which medications / follicle size / L or R																																								

Cycle Day	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40
Day of the Week																																								
Bleeding: x = light day / X = heavy day																																								
Menstrual Cramps																																								
Basal Body Temperature: Mark your temperature on the graph each day, then connect the dots to make a line.																																								
What time did you take your temp?
